

This list consists of additional items that are necessary to ascend Island Peak. Please contact our office if there are any questions.

### EQUIPMENT

- Ice Axe.** 70 cm. in length. (SMC, Charlet Moser, Black Diamond)
- Crampons.** These must be 12-point, preferably hinged. Step-in or strap-in styles will both work. (SMC with Scottish strap, Black Diamond, Charlet Moser)
- Mechanical Ascenders.** (Petzl)
- Prussic Cord:** Everyone should have runners. Please bring, 15 ft of 6 mm cord and the guides will instruct you in how to cut and tie the runners to the proper length.
- Climbing Harness.** Make sure the belt portion fits securely around your body, above your waist, and below your rib cage and it has a drop seat or adjustable leg loops. (Black Diamond, Metolius)
- Climbing Helmet.** UIAA-approved. (Petzl Ecrin available to rent from Mountain Link for \$15.00)
- Carabineers.** Three, one locking with a screw gate, preferably "Pear shaped". (Black Diamond, SMC)

### CLOTHING: HEAD

- Balaclava or facemask.**
- Goggles.** Dark lens, ski type goggles with full UV and IR protection. (Smith)

### CLOTHING: FEET

- Boots.** Must be a stiff, full-shank, crampon compatible mountaineering boot with a lug sole and hard toe. Plastic boots with high-altitude liners are required.
